STEAM EXTRAVAGANZA

Time	Activity	Room	Description
1:00-2:00 PM	Take a Challenge	Preschool Class	Engineer your own creation using a surprise grab bag. Open it at school or take it home!
	Marble Run Fun	Kindergarten Class	Put materials together to design your own marble run or maze!
	Helicopter Hang Time	Primary Class	Turn a pinwheel on its side and see what happens when you drop it!
	Cool Cactus and Sweet Succulent Painted Rocks	Middle Class	Get to know cacti and succulents! Make a succulent or cactus rock buddy as a fun reminder of these cool plants.
	Bright Blends	Intermediate Class	Create a white color wheel! Experience how the colors of the rainbow turn to white light.
	Snazzy Scents	Upper Class	Playing with polymers: create a make-and-take air freshener!
2:00-3:00 PM	Randy Baker from Naturalist Endeavors presents <i>Those Amazing Plants</i>	Specialists' Room	Plants and the adaptations that allow them to survive is every bit as exciting and diverse as the animal world! Come away with a wealth of knowledge about Michigan's amazing plants!
			All are welcome to see Randy Baker, but due to the size of the classroom, space is prioritized for children. We encourage our adult friends to join the last hour of the Bakers & Makers Auction! Enjoy the company of Japhet friends. (Preschool and Kindergarten parents, please remain with your children.)

Children in 1st grade and older are welcome to explore STEAM activities independently! Parents of younger children are asked to accompany them at all times. Please do not enter a classroom without a teacher present (except student host tours).
