

# Milk and Emergency Lunches

You may pre-order milk for your child’s lunch for the entire year through Japhet School. Traditional dairy, organic dairy, and organic soy milk are available in the flavor choices below.

Daily milk service begins on the first day of school and ends on the last Thursday of the school year. Children whose parents pre-order milk for the year receive it automatically at lunchtime. Per-diem milks are only available if there are extras, which is uncommon.

Parents are responsible for providing lunch for their children on a daily basis. An **emergency lunch** will be made using food provisions on hand if your child has forgotten his/her lunch. You will be billed \$5.00 for this lunch on your monthly billing.
