

# Milk and Emergency Lunches

You may pre-order milk for your child’s lunch through Japhet School. Traditional dairy and organic dairy are available in the flavor choices below.

You may pre-pay for the entire year. Milks are billed at \$0.60 for traditional dairy milk and \$1.30 for organic milk. If school must transition to distance learning, you will be refunded at the end of the year for prepaid milks for days spent in distance learning.

Daily milk service begins on the first day of school and ends on the last Thursday of the school year. Children whose parents pre-order milk for the year receive it automatically at lunchtime. Limited milks are available for last-minute purchasing; students should visit the office first-thing in the morning if they would like to order a single milk for that day.

Parents are responsible for providing lunch for their children on a daily basis. An **emergency lunch** will be made using food provisions on hand if your child has forgotten his/her lunch. You will be billed \$5.00 for this lunch on your monthly billing.
